- Micro-surface eight km from PR 248 from 0.5 km, west of PR 332
- Continue the culvert replacements from PTH 16 to the Portage Diversion
- Structure rehabilitation at Assiniboine River located 6.6 km west of PR 430, east of Portage la Prairie
- Pave 10 km of westbound lanes and shoulders from west of Portage la Prairie to PTH 16
- Micro-surface 13.3 km from PTH 21 to west junction of PR 250
- Continue paving the new service road in Brandon from Deer Ridge to one km east of east junction PTH 10
- Minor structure rehabilitation at Assiniboine River located 0.7 km south of PR 459, west of Brandon
- Pave 13.1 km on the westbound lanes from PTH 5 to 13.1 km east of PTH 5 including the shoulders.

**PTH 1A**

- Pave 0.9 km in Portage la Prairie from Eighth Street to 18th Street on Saskatchewan Avenue
- Pave 1.6 km in Brandon from 34th Street to 18th Street on Victoria Avenue

**PTH 2**

- Complete structure replacement at Codner Drain in the vicinity of Starbuck
- Micro-surface 15.3 km from PR 244 to PR 240
- Commence structure rehabilitation at Souris River in the vicinity of Wawanesa as part of flood restoration

- Micro-surface 11.9 km from east junction of PR 256 to 11.9 km east, near the Reston access
- Micro-surface 21.5 km from PTH 22 to PTH 10

### **PTH 3**

- Intersection improvements at PTH 23
- Continue grade widening, base and paving of 21.4 km from east junction PR 254 to south junction of PTH 21, west of Deloraine

### **PTH 5**

- Pave 21.6 km from south junction PR 265 to PR 261
- Structure rehabilitation at Shell River located 0.4 km east of PR 583, east of Roblin
- Micro-surface 10.2 km from PTH 19 to PTH 50
- Grade west of PTH 10, southwest of Ashville
- Replace structure at drain located in the vicinity of Kelwood
- Replace structure at Turtle River located in the vicinity of Laurier

### **PTH 6**

- Grade including base a 1.5 km new location in the vicinity of Woodlands
- Micro-surface 24.7 km from 42.3 km north of PR 513 to 67 km north of PR 513
- Micro-surface 25.6 km from Grand Rapids Drive to 25.6 km north of Grand Rapids
- Micro-surface 29.8 km from PTH 39 to PR 373
- Commence grading and culvert replacements of 25 km from Sasagiu Rapids to 25 km north

### **PTH 7**

- Pavement rehabilitation of 20.6 km from 1.6 km south of PTH 101 to 2.3 km north of PTH 67

### **PTH 9**

- Commence paving of 13 km from PTH 4 to three km north of Clandeboye

### **PTH 10**

- Micro-surface 22.2 km from south junction PTH 23 to south junction of PTH 2

- Culvert jacking from 6.7 km north of PTH 3 to 0.8 km north of south junction PTH 23
- Minor structure rehabilitation at Souris River located south of south junction of PTH 2 as part of flood restoration
- Commence grade widening, base and paving including the passing lanes of 15.6 km from 0.4 km north of PTH 25 to 4.5 km north of PTH 24
- Structure rehabilitation at Bowsman River located 0.9 km north of PR 266, north of Bowsman
- Grade north of Ashville
- Pave 15 km from Overflowing River to 10 km south of PTH 60
- Pave 19.8 km from 19.8 km south to Overflowing River
- Various culvert replacements located south of The Pas from PTH 60 to PR 289

#### **PTH 11**

- Commence structure rehabilitation at Powerview Creek, near Pine Falls
- Micro-surface 14.2 km from 5.8 km west of the south junction of PTH 44 to the north junction of PTH 44

#### **PTH 12**

- Commence structure replacement at West Pine Creek located 2.7k m east PTH 89, east of Piney
- Commence structure replacement at East Pine Creek located 3.5 km east PTH 89, east of Piney
- Commence structure replacement at Sprague Creek located 0.5 km west of PR 308, south of Sprague
- Commence structure replacement at Mud Creek located 1.1 km west of PR 308, south of Sprague
- Commence structure replacement at Seine River Diversion located 1.5 km south of PR 210, south of Ste. Anne
- Micro-surface 40.2 km from PR 308 to PR 210
- Replace structure at Rat River Diversion, southwest of Zhoda

#### **PTH 13**

- Continue culvert jacking from Carman to Elm Creek

**PTH 16**

- Complete grade widening, base and paving of 18.2 km Binscarth to east of Foxwarren

**PTH 20A**

- Intersection improvements in Dauphin at Mountain Road

**PTH 21**

- Replace structure at Souris River located in the vicinity of Hartney as part of flood restoration

**PTH 23**

- Continue the structure rehabilitation at Red River location 1.2 km east of PTH 75, east of Morris

**PTH 34**

- Complete structure replacement at Gillespie Drain, south of Gladstone

**PTH 44**

- Micro-surface four km from PTH 9 to PTH 59

**PTH 59**

- Micro-surface eight km from two km north of PTH 101 to PR 213
- Commence paving 28 km from north of the Brokenhead Ojibway First Nation to PTH 11

**PTH 75**

- Commence intersection improvements at U.S. border

**PTH 83**

- Grade reconstruction from 1.1 km north of PR 366 in the vicinity of Inglis
- Commence grading, base and paving of 1.8 km from PR 366 to 1.8 km north PR 366 in the vicinity of Inglis
- Complete grading, base and paving of 20.4 km from north of PR 367 to south of PTH 57, north of San Clara
- Commence grading, base and paving of 8.5 km from PR 264 to north of PR 482

**PTH 100 (South Perimeter Highway)**

- Pavement rehabilitation at PTH 1 west junction, south Perimeter
- Structure rehabilitation at east interchange of PTH 1, south Perimeter
- Commence intersection improvements from Brady Road to PR 330, south Perimeter
- Structure rehabilitation at PTH 75, south Perimeter
- Continue intersection improvements at various median openings on the south Perimeter

**PTH 101**

- Pavement rehabilitation of eight km from 0.9 km south of PTH 59 to 0.7 km north of PTH 15

**PTH 110**

- Complete grading, base and paving of 4.1 km from Assiniboine River to PTH 1

**PR 204**

- Minor structure rehabilitation at the Red River in Selkirk

**PR 205**

- Micro-surface 13.1 km from 22 km east of PTH 3 to PTH 75

**PR 207**

- Structure rehabilitation at Cordite Drain located north of PTH 15

**PR 211**

- Structure rehabilitation at Winnipeg River, east of Pinawa

**PR 213**

- Micro-surface 8.8 km from PTH 59 to PR 206

**PR 221**

- Continue with the structures at CentrePort Canada Way
- Continue paving at CentrePort Canada Way

**PR 222**

- Replace structure at the Fish Creek drain located 1.7 km south of PR 324, south of Camp Morton

**PR 227**

**PR 243**

- Grade, base and pave one km in Reinland

**PR 245**

- Grade 2.8 km from east junction of PR 242 to 2.8 km east

**PR 246**

- Structure rehabilitation at St. Jean Baptiste as part of flood restoration

**PR 251**

- Replace structure at Souris River located in the vicinity of Coulter as part of flood restoration

**PR 253**

- Commence structure replacement at Pembina River located west of Pilot Mound

**PR 255**

- Commence road improvements of various locations between PR 256 to PTH 83

**PR 269**

- Micro-surface 14.6 km from south junction PTH 20 to north junction PR 364

**PR 280**

- Continue grading from PR 391 to 174 km east of PR 391, cost-shared with Manitoba Hydro

**PR 287**

- Replace structure at Cormorant Lake Narrows located 38.7 km north of PR 384, at Cormorant

**PR 304**

- Continue grading improvements from Manigotagan to east of Wallace Lake

**PR 315**

- Continue grading improvements from PR 313 to Ontario boundary

**PR 325**

- Road improvements of 10 km between 12.9 km east of PTH 6 to 38.7 km east of PTH 6

**PR 334**

- Micro-surface 0.8 km from PTH 3 to PR 247

**PR 340**

- Surface 10.4 km from PR 453 to 10.4 km north of PR 453

**PR 348**

- Minor structure rehabilitation at Little Souris River located southwest of Brandon as part of flood restoration

**PR 373**

- Continue surfacing 28.8 km from six km north of Rossville junction to Sea Falls, north of Norway House
- Continue grading 21.8 km from Minago River to 21.8 km north of Minago River, north of Jenpeg

**PR 384**

- Continue grading of the new location in the vicinity of Lobstick Creek

**PR 391**

- Grade improvements of various locations from Thompson to Suwannee River

**PR 392**

- Continue grading, base and paving of Hudson Bay

**PR 481**

- Road improvement from Cayer to Crane River as part of flood restoration

**PR 483**

- Surface various locations from PTH 10 to Sapotaweyak Cree Nation

**PR 513**

- Micro-surface from PTH 6 to 10.1 km east of PTH 6
- Road improvements from east of PTH 6 to Dauphin River First Nation

**PR 610**

- Intersection improvements in Brandon at 17th Street East (Richmond Avenue)

**Winter Roads**

- Continue installing the structure at Panko Narrows
